

Compliance action taken for childcare provision

Ref: EY296426/C351689

Date: 14 September 2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 2 July 2018, the provider notified us of a significant event that occurred at the setting. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of any serious accident or injury to any child while in their care, and of the action taken. We have served an action. This notice requires the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this.

Action needed

Update risk assessments to identify how any risks will be removed or minimised in respect of the potential for a child to fall from the nappy changing table, and implement any identified control measures (Risk assessment) To be completed by 04/09/2018.

A satisfactory response to the action was received. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
